Sermon Title: AWAKENING THE SPIRIT

Key Bible Verses: Ecclesiastes 12:7; Deuteronomy 18:10-12

Today's Message: In this powerful sermon, we confront a common but dangerous misunderstanding: communicating with the dead. We will learn the biblical truth about what happens when we die, the deceptive nature of "familiar spirits," and why seeking guidance from ancestors is forbidden by God. Discover how Jesus has provided us with a better way—direct access to God through the Holy Spirit.

Reflection Questions for This Week:

1. Have I ever sought guidance, protection, or blessings from a deceased relative or ancestor?
2. Do I blame my current circumstances on an "ancestral curse" instead of seeking God's wisdom and solutions?
3. Who is my primary guide in life? The Holy Spirit, or traditions and cultural beliefs?

Key Takeaway: We are called to align our lives and everything we have solely with the Spirit of the Living God.
