

# **THE MULTITUDE OF DIVINITY & THE MULTITUDES OF DIVINATION**

## **Sermon Manuscript**

### **INTRODUCTION:**

Good morning, Church! The Lord has been dealing with me about a powerful spiritual truth that I believe will transform how you see your life and your purpose. There are two spiritual forces constantly at work in our lives: the **MULTITUDE OF DIVINITY** - God's multiplication system, and the **MULTITUDES OF DIVINATION** - the enemy's division strategy. Today, God wants us to understand how to walk in divine multiplication while breaking every assignment of division against our destiny.

### **I. THE REALITY OF TWO SPIRITUAL REALMS**

We are engaged in a spiritual battle between two kingdoms. On one side, the Multitude of Divinity represents God's abundant, limitless power working to multiply everything you put in His hands. On the other side, the Multitudes of Divination represent hell's strategy to divide your focus, scatter your resources, and dilute your impact. But praise God, we're not fighting for victory - we're fighting FROM victory! Jesus already won this battle at Calvary!

### **II. DIVINE MULTIPLICATION DEMONSTRATED**

In Matthew 14, we see Jesus facing a hungry multitude with only five loaves and two fish. The disciples saw lack, but Jesus saw potential! When He took that small lunch, blessed it, and broke it, something supernatural happened. The Multitude of Divinity went to work! What was insufficient became more than enough. What was natural became supernatural. What was limited became limitless.

### **III. YOUR ROLE IN DIVINE MULTIPLICATION**

God is waiting for you to bring Him your "loaves and fish." Your loaves and fish represent your time, your talents, your testimony, your resources, your obedience. You might think what you have is too small, too ordinary, too limited. But when you place it in the Master's hands, He multiplies it beyond your imagination!

### **IV. THE ENEMY'S DIVISION STRATEGY**

While God works to multiply, Satan works to divide. The Multitudes of Divination operate through distraction, discouragement, delay, and division. They try to divide your attention from God's purpose. They work to divide your energy between too many unimportant things. They attempt to divide your relationships through strife and misunderstanding. Their goal is to keep you from your divine multiplication moment.

## **V. PRACTICAL STEPS TO WALK IN DIVINE MULTIPLICATION**

First, recognize that every moment matters to God. The enemy wants you to believe that only big moments count, but God uses small, obedient moments to build His kingdom. Second, offer God what you have right now. Don't wait until you have more - give Him what you have today. Third, guard your confession. Speak multiplication over your life, not division. Fourth, stay focused on your assignment. Don't let the enemy divide your attention from what God has called you to do.

### **CONCLUSION:**

Children of God, you are called to walk in divine multiplication. The same power that multiplied the loaves and fish is available to you today. The enemy's division tactics have been defeated by the blood of Jesus. It's time to step into your multiplied destiny! When you leave this place today, walk with a new awareness that you carry divine multiplication wherever you go. Your life is about to become a living demonstration of God's multiplying power!
